Physical Education

Peg Rees, Associate Director

The physical education program offers physical activity courses for university students, UO faculty and staff members, and members of the Eugene-Springfield community. Physical education courses emphasize the development of physical skills, improvement in fitness levels, and the acquisition of knowledge that contributes to a healthy lifestyle.

Approximately 150 courses are offered each term in a variety of activity areas— aquatics and scuba, fitness, individual activities, leadership, martial arts, mind-body, outdoor pursuits, racquet sports, running, team sports, and weight training. This ever-changing array of courses is taught by an exceptional staff of faculty members and contract employees.

Most classes meet twice a week for 1 credit. As many as 12 credits in physical education may be applied as electives to a bachelor’s degree. Each term’s offerings are listed in the Schedule of Classes online. Students may register for courses through DuckWeb, which is explained in the Registration and Academic Policies section of this catalog.

Students and members of the staff, faculty, and community may enroll in physical education courses as noncredit participants, if space is available. Noncredit participants pay the PE course fee and register in person at the service desk in the Student Recreation Center at the start of each term.

Opportunities are available for students who have disabilities or who need special accommodations in order to participate in physical education courses. More information and support is available by calling 541-346-4113, 8:00 a.m.–5:00 p.m., Monday–Friday.
